

EUROPEAN HIGH PERFORMANCE COMPUTING
JOINT UNDERTAKING

The interim Executive Director

**Executive summary of the 8th meeting of the Infrastructure Advisory Group of the
European High Performance Computing (EuroHPC) Joint Undertaking**

Thursday 12, September 2019, Brussels

The 8th meeting of the EuroHPC Infrastructure Advisory Group (INFRAG) took place in Brussels on September 12th 2019. The main topics of discussion were the preparation of special interest Working Groups, the preparation of the EuroHPC vision paper together with RIAG and the organisation of the INFRAG open workshop in October 2019.

The Access Policy WG is finalised and will organise the first meeting remotely within September 2019. The WGs on Scientific Users and Industrial Users are being finalised. The open day workshop that was planned in the previous meetings will be organised on Monday 21 October 2019. It will be a half day event focused solely on the EuroHPC systems Access Policy. The event will be organised with the support of HPC-GIG project and will be broadcast live to permit remote participation from all interested stakeholders.

INFRAG is completing the individual contribution to the EuroHPC long-term strategy. The next step is to coordinate with RIAG in order to provide a consolidated document by the end of October 2019. The results will be presented in the EuroHPC Governing Board meeting in November 2019.

The group will also start the preparations for the EuroHPC Summit Week 2020 which will be organised in March 2020 in Porto, Portugal. INFRAG will organise open interest sessions as well as closed meetings with other EuroHPC stakeholders (e.g. RIAG).

The next INFRAG meeting will take place in the afternoon of 21 October 2019, right after the Access Policy Workshop.
