**Executive Summary of the xx meeting of the Infrastructure Advisory Group of the  
European High Performance Computing (EuroHPC) Joint Undertaking**

**22&23, September 2022, virtual meeting**

Executive Summary

The 3rd meeting of the EuroHPC Infrastructure Advisory Group (INFRAG) took place on the 22 and 23 of September 2022. The meeting was organised remotely using a teleconferencing system.

The main goal of the meeting was to continue the work on the updating of the EuroHPC long-term strategy document. Also, INFRAG has been assigned a mandate by the EuroHPC GB to provide an input on short term vision. The meeting focused on the activities and the next steps of the various WGs and in particular of the User Requirements and Federation and Hyperconnectivity WGs. The group agreed on the next steps to be implemented.

The meeting hosted guest speakers on RISC-V and GÉANT activities and on the second day the Executive Director gave an update on the EuroHPC JU priorities and asked INFRAG to provide input on the upcoming actions.

The next INFRAG meeting is planned for the end of November 2022.
