Executive summary of the 10th meeting of the Research and Innovation Advisory Group of the European High Performance Computing (EuroHPC) Joint Undertaking

Wednesday, 29th of April 2020, Videoconference
10:00 – 16:00

The 10th meeting of the EuroHPC Research & Innovation Advisory Group took place on 29th of April 2020. The meeting was held as a video conference. The EuroHPC Joint Undertaking (JU) presented an update on the results of Call H2020-JTI-EuroHPC-2019-01.

Central to the 10th meeting of the RIAG were consultations with stakeholders on the Multiannual Strategic Research and Innovation Agenda (MSRIA). Several guest speakers had been invited. The European Commission presented their strategy on quantum computing, a member of the European Technology Platform for High Performance Computing (ETP4HPC) provided information on their Strategic Research Agenda 4 and a representative of the European Processor Initiative (EPI) presented an overview of the current status and activities towards a European processor.

The presentations were followed by a report of RIAG's working groups on the MSRIA and a debate on the next steps and overall strategy.

A complete draft MSRIA is expected by the end of May 2020 after a consolidation meeting of the working groups. The next RIAG meeting is planned for 2nd of June.
