EUROPEAN HIGH PERFORMANCE COMPUTING
JOINT UNDERTAKING

Summary of the 4th meeting of the Infrastructure Advisory Group (INFRAG) of the European High Performance Computing (EuroHPC) Joint Undertaking 20 March 2019

Executive Summary

The fourth meeting of the EuroHPC Infrastructure Advisory Group (INFRAG) took place on 20 March 2019 in Brussels. The group planned the next phase, discussed the structure of the multiannual strategic agenda and assigned experts to the different topics (work groups).

Leonardo Flores and Evangelos Floros informed the members about the recent EuroHPC JU developments.

The group started the work for the next iteration of the Multiannual Strategic Agenda and set the priorities for the different topics. The outcome of the discussion led to a revised version of the document structure. The group proceeded with the assignment of expert members to the editorial teams for Industrial Usage, User Requirements and Access Policy.

A summary of the Exascale roadmap was presented and discussed. The group agreed that it should stay readily informed on the developments of the work in relevant activities and especially with the roadmap and evolution of the European Processor Initiative.

The group participation during the EuroHPC Summit Week was discussed and confirmed.
